The Secret to Visiting the Islands Stress-Free

Car-free itinerary: Baveno and the Borromean Islands

Here is a suggested itinerary:

Morning: set off early from Baveno ferry landing.

First stop: Isola Bella, for the palace and gardens.

Lunch: Isola dei Pescatori, to stroll through the narrow streets and eat by the lake.

Afternoon: Isola Madre, if boat timetables and garden opening hours allow.

Return: take a boat back to Baveno at a time shown on the published timetable; do not rely on the last service without checking it first.

The schedules vary by season, and not all services necessarily follow the same route. Please check the timetable for your exact travel date.

Things to See in Baveno and the Surrounding Area

Baveno is an ideal base for exploring Lake Maggiore: you can alternate between the historic centre, lakeside walks, beaches, the Borromean Islands and nearby villages. If you are travelling without a car, many places can be visited on foot, by train or by boat.

1 Church of Saints Gervasius and Protasius and Baptistery of St John
The town's most interesting historic complex, featuring a Romanesque church, an ancient baptistery, frescoes and a portico with granite columns. It is located in Piazza della Chiesa, a few minutes from the lakeside promenade.
Suggested time: 30–45 minutes. Access to the baptistery may vary.

2 Baveno Lakeside Promenade
A relaxing walk with views of the islands, benches, cafés and flower beds. It is especially pleasant in the late afternoon, when the light illuminates the mountains on the other side of the lake.
Suggested time: 30–60 minutes.

3 GranUM Museum
A small museum dedicated to Baveno's pink granite, the history of the quarries and the work of stonemasons. It offers insight into the town's identity and how local stone has been used in architecture.
Suggested time: 20–40 minutes. Check seasonal opening hours.

4 Villa Fedora Park
A green space by the lake, ideal for resting, reading in the shade or taking a break with a view of the water. In summer, it is also a lovely place to relax near the beach.
Suggested time: 45–90 minutes.

These sights can easily be combined into a half-day walking tour, starting in the town centre and continuing towards the lakeside promenade and Villa Fedora.

5 Isola Bella
The most spectacular of the islands, with Palazzo Borromeo, historic rooms and Baroque gardens arranged on terraces. A must-see if you love art, architecture and panoramic views.
Allow around 2–3 hours. Admission to the palace and gardens is charged.

6 Isola dei Pescatori
The most distinctive island for strolling through narrow lanes lined with traditional houses, small shops and lakeside restaurants. It is perfect for lunch during an island-hopping trip.
Allow around 1–1.5 hours, plus time for lunch.

7 Isola Madre
The best choice for anyone who loves botanical gardens, exotic plants and tranquillity. It has a greener, more relaxed atmosphere than Isola Bella.
Allow around 1.5–2 hours. Check opening times and boat schedules.

8 Stresa
An elegant town with a lakeside promenade, historic hotels, cafés and shops. It is worth visiting even just for a walk and an aperitif at sunset.
Half a day is enough. From Baveno, consider travelling by train or boat.

9 Feriolo
A small village overlooking the gulf, with colourful houses, a lakeside walk and a peaceful atmosphere. It is a pleasant alternative to busier destinations.
Ideal for an evening stroll; check the local bus if you do not want to walk there.

10 Villa Taranto Botanical Gardens
A large botanical garden with flower beds, trees and scenic paths. It is particularly beautiful in spring and early summer.
Allow 2–3 hours. Depending on the season, it can be reached by local transport or boat.
